

EMPLOYEE IDENTIFICATION

FIELD	VALUE
EMPLOYEE_ID	EMP-011
FULL_NAME	Engr. Raymond Carlo Navarro
POSITION	Senior Design Engineer
DEPARTMENT	Sales, Application & Service Engineering
DATE_HIRED	January 20, 2010
EMPLOYMENT_STATUS	Regular
IMMEDIATE_SUPERVISOR	General Manager

PROFESSIONAL SUMMARY

A highly experienced Senior Sales Engineer with sixteen (16) years of expertise in technical sales, application engineering, service engineering, and operations and maintenance support within electrical and industrial systems. Skilled in managing complex client requirements, delivering technical solutions, and supporting lifecycle service operations from project implementation to maintenance. Strong background in coordinating engineering solutions with commercial objectives while ensuring operational efficiency, safety compliance, and customer satisfaction.

EDUCATIONAL BACKGROUND

DEGREE / COURSE	INSTITUTION	YEAR COMPLETED
Bachelor of Science in Electrical Engineering	Technological University of the Philippines	2009

PROFESSIONAL LICENSE

LICENSE	LICENSE NUMBER	YEAR OBTAINED
Registered Electrical Engineer (REE)	REE-009-11456	2010

TECHNICAL COMPETENCIES

- Technical Sale and Client Solutions Engineering
- Application Engineering for Electrical Systems
- Service Engineering and Field Support
- Operations and Maintenance Coordination
- System Troubleshooting and Technical Advisory
- Project Lifecycle and After-Sales Support
- Client Requirements Analysis and Solution Design
- Engineering Coordination Across Sales and Service Teams

SOFTWARE PROFICIENCY

WEA-ECP-FORM-01

- Microsoft Excel (Sales Analysis & Reporting)
- Microsoft Word (Technical Documentation)
- Microsoft PowerPoint (Technical Sales Presentations)
- Basic Engineering Calculation Tools
- Maintenance Management System (CMMS - Basic Use)

INDUSTRY EXPERIENCE

YEARS OF PROFESSIONAL EXPERIENCE: 16 Years

- Electrical Technical Sales Engineering
- Industrial Service Engineering and Maintenance Support
- Application Engineering for Power Systems
- Operations and Maintenance Coordination

AREAS OF SPECIALIZATION

- Technical Sales Engineering (Electrical Systems)
- Application and Service Engineering Support
- Operations and Maintenance Advisory
- Industrial Electrical System Troubleshooting
- Client Technical Solutions and Lifecycle Support

PRODUCT AND TECHNICAL KNOWLEDGE

- Industrial Electrical Systems and Components
- Motor Control Systems and Applications
- Power Distribution and Protection Systems
- Electrical Maintenance and Troubleshooting Procedures
- Safety Standards and Electrical Installation Practices

TRAINING & CERTIFICATIONS

Training / Certification	Issuing Body	Validity
Lighting Design Software Training	DIALux	N/A
Eaton's GEIS Group Masters Club Training Event	Eaton GEIS Group	N/A
REGISTERED ELECTRICAL ENGINEER	PRC	N/A
NC II	AUTODESK - MICROCADD INSTITUTE INC.	N/A
Power System Harmonics	IEEE National	N/A
Alternative Renewable Energy Source	IEEE National	N/A
Basics of Protection Relay and Coordination	IEEE Metro South Chapter	N/A

RELEVANT PROJECT EXPERIENCE

PROJECT NAME / TYPE	ROLE	INDUSTRY
Industrial Electrical System Service Support Program	Senior Sales Engineer	Industrial
Power System Application Engineering - Manufacturing Plant	Senior Sales Engineer	Manufacturing
Electrical Maintenance and Troubleshooting Support Services	Senior Sales Engineer	Service Engineering
Technical Sales and Lifecycle Support for Electrical Systems	Senior Sales Engineer	Power & Energy
